Triple i is expanding! Sales Solutions, Mechanical and Electrical Constructions take on new premises

Wollongong, NSW – Exciting times for automation and information solutions provider Triple i as it announces expansion and movement of its Sales Solutions, Mechanical and Electrical Construction divisions to new premises in Unanderra. The official move being from **Monday the 8th of November 2021**.

Triple i is expanding to a second premises, capping years of growth in the market and an ever-developing product and service offering. The company, which creates integrated solutions for mining, industrial production, and infrastructure markets, is moving its sales office and Mechanical and Electrical Construction workshops to a purpose-designed facility nearby at Unit 2/ 244 Nolan Street, Unanderra, NSW.

‘This expansion is a great marker of our growth over the last few years’, Said Dave Holt, Asset Service Manager of Triple i. ‘Our diversification into related fields and ability to provide whole of life industrial services have been steady as clients’ needs evolve. This new facility will allow us to better meet existing clients needs while also making room for new and exciting projects.’

The new facilities will be home to all Sales Personnel, Mechanical and Electrical Engineers, and Technical Staff, with an official open day event to be advised later due to the current COVID-19 outbreak and subsequent restrictions across NSW, and wider Australia.

As the global COVID-19 outbreak continues to evolve, Triple i would like to reassure clients that they are still open for business and have been monitoring the situation and implementing precautionary measures to ensure the safety of all staff and clients. Triple i will continue to provide the high level of service critical to businesses and will attempt to give as much notice as possible of any changes.

Triple i Engineering, Service and Administration will remain at the Triple I head office at 6 Waverley Drive, Unanderra.
