PRESS RELEASE
25TH AUGUST 2022

Yokogawa Co-Innovation Forum Sydney 2022

Sydney, NSW - The Yokogawa Sydney Co-Innovation Forum for 2022 was held earlier this week with representatives from our Sales Solutions, and Engineering and Technology Teams attending to find out all about the #Path2Autonomy.

Held at the Marriot Circular Key, the day was an intensive look into industrial autonomy and its role in operational improvement. From listening to guest speakers, networking with like-minded individuals, and participating in discussions, the event was one not to miss.

Our Sales Solutions Manger, Goran Petrovski, described the event as "as a fantastic learning opportunity for our team". With new technologies presented and innovations discussed, the event highlighted a positive future ahead for new innovations. "With new products on the market and the direction Yokogawa are taking them, it brings on exciting times for everyone."

Yokogawa is a leading provider of Industrial Automation, and Test and Measurement solutions. Combining superior technology with engineering services, project management, and maintenance, Yokogawa delivers field proven operational efficiency, safety, quality, and reliability.

As a recognised distributor of Yokogawa products and technologies, Triple i can deliver effective outcomes, instrumentation, and support to help with your #Path2Autonomy.
