

PRESS RELEASE
23rd January 2023

Triple i appoints new Technology Solutions Manager

As part of the company's strategic vision, Triple i has appointed Aston Bell in the new role of Technology Solutions Manager. Aston is responsible for overall marketing and alignment of solutions that best meet customer innovation and digital transformation needs.

Aston has collaborated with leading companies in many industries, including Engineering and Automation, Mining and Resources, Information and Technology, Food and Beverage, Discrete Manufacturing, and Infrastructure.

Triple i is actively involved in these same markets providing highly innovative solutions using process data. We use proven tools, such as visualisations, analytics, and artificial intelligence, to identify and alert past, present, and potential issues. Our solutions cover improving quality and production output as well as supporting site activities with increased integrity and cost reduction.

We are excited to have Aston join the Triple i team. His comprehensive knowledge gained from 30 years of experience in the technology realm, combined with his business acumen and proven history, will complement Triple i's reputation as a partner of choice.

Aston is based in Queensland. Please contact our head office on 1300 422 444, for further contact details and availability.
