Successful Team Morning with Photos

Earlier this month we had a successful team morning which involved a BBQ breakfast and companywide photo session. It was a terrific opportunity to highlight our ever-growing team and highlight new team members across departments.

We began our morning early with a group photo, followed by department and team shots. Our Engineering and Technology, Electrical Construction, Mechanical Construction, Service and Support, Sales, Admin and Operational Support teams were in full participation.

Our new apprentices, cadets, and graduates were able to collectively benefit from the morning, meeting members from other offices and departments. With a growing number of trainees, they were able to experience the true scope of the Triple i culture.

Our photographer, Linda Faiers, was fantastic on the day. She was able to position our sometimes-unruly bunch and capture shots of our teams before they got back to their daily routines.

The photos showcase Triple i as it is now – with new branding and strategic direction. As such, they will be used across company marketing material. Look out for the photos, they will soon be on our website! - www.triplei.com.au

About Triple i

Triple i deliver outcomes for all your control, data, electrical, instrument, and mechanical needs with over thirty-five years of experience. We supply a range of technology-based projects, consultancy, maintenance, and support services in the industrial sector. With over seventy-five skilled employees, Triple i provides the best product and services, with integrated solutions designed for clients' needs.
