Teri advances in Business Traineeship

Congratulations to Teri for successfully completing the first half of her Business Traineeship with HVTC and Triple i. We applaud her for completing her studies quickly and with ease, showcasing her dedication and determination. Well done, Teri!

Teri, who joined us about a year ago, has recently achieved a significant milestone by completing her Certificate III in Business. In line with her personal development plan, she has now embarked on her Certificate IV in Business, further advancing her skills and knowledge.

Our programs provide flexibility around studying and working, ensuring each employee thrives. As described by Teri, "Throughout my training, Triple i provided plenty of support to allow me to reach my goals. I have been given opportunities to progress further with training and my career, I look forward to taking advantage of these and seeing what Triple i will help me archive."

As a valued member of our operational support and administration team, Teri plays a vital role in both our Unanderra buildings. Her responsibilities span various departments, requiring her to adapt to the demanding nature of a busy operational support role. The training program is specifically designed to equip her with the skills needed to excel in these challenging tasks.

Teri, your commitment, and hard work have been exemplary, and we are confident that you will continue to thrive in your journey. Keep up the fantastic work, and we are excited to see what you will accomplish with Triple i's support.
