Triple i solutions enhanced by partnering with ELPRO Technologies

Triple i announces an affiliation with ELPRO Technologies as a channel partner and distributor. ELPRO is a market leader in industrial wireless communication systems. The partnership is based on innovation and technology and is a formal recognition of the long-standing relationship between Triple i and ELPRO Technologies in delivering valued solutions to our customers.

For 40 years, ELPRO Technologies' wireless business has helped companies in more than 180 countries improve the management and performance of their assets by offering a full range of reliable and secure wireless communication systems.

ELPRO offers scalable industrial wireless solutions, from basic point-to-point, or meshing, to large-scale infrastructure deployments. Their solutions cover all applications, from the sensor to the control room.

With a proven product range that delivers, the ELPRO systems complement our Sales Team's solutions and product offerings. Our in-house expertise and experience from our Engineering and Technology group and our Service group's knowledge enhance the affiliation.

As a systems integrator and distributor of ELPRO systems, we have the capabilities to ensure optimised performance and reliability of wireless communication systems.

Contact us today to arrange a visit with one of our sales team to discuss the solutions across the ELPRO range! Call 1300 422 444, or email sales@triplei.com.au.
